City of **Donald**

City Manager's 2022-2023 Budget Message

Honorable Mayor, City Council, Budget Committee, and Donald Community Members:

In the face of some recent extraordinary challenges as a result of COVID-19 and several organizational leadership transitions within the past few months, I am inspired by how our organization continues to step up to those challenges and provide critical services to our community. The staff size for the organization may be small, but the level of service rendered is mighty and unwavering. It is pleasing to be part of a culture of collaboration and innovative thinking where staff and leadership are continuously thinking of ways to do more with limited resources. Examples of innovation and collaboration are evident in our efforts to continue to provide clean and safe drinking water for the community and to identify resources for other infrastructure improvements. Donald is fortunate to have such a culture because in this world of rapid change and ever-increasing unpredictability, the provision of services for the wellbeing of our community has never been so important.

Balancing the budget is never easy but it is required by State law and is the ultimate goal of a municipality. In essence, a budget is a roadmap that outlines a path of where the City has been, where it will go, and how bumpy the roads will be along the way. The budget document is intended to serve four main purposes:

- ❖ To define public policy set forth by the City Council and as seen in their goals.
- ❖ To serve as a guide for management to aid in the control of financial resources.
- ❖ To outline the City's financial resource allocation plan for the fiscal year, illustrating projected revenues and appropriations that are to be funded.
- ❖ To serve as the City's fundamental communication document for the community members of Donald, who wish to understand how the City operates and provides its services and the methods and amounts used to finance those operations and services.

Over the past few years, the trend for the organization has been to budget conservatively, carefully, and astutely. The result of this practice has, for the most part, enabled the City to maintain service levels and avoid budget gaps. It is in that spirit that I present you with the Proposed Annual Budget for Fiscal Year 2022-2023. The proposed **\$4,763,509** budget is reflective of pertinent investments, informed estimations, and equitable service delivery programs. It is a budget that prioritizes getting the most out of available resources to fully support a high quality of life for the Donald community and is proposed with guidance from the newly suggested 2022-2023 City Goals which include:

- ❖ Secure and Reliable Infrastructure
- ❖ Public Safety, Health and Wellbeing
- ❖ Access and Mobility
- ❖ Economic Sustainability and Resiliency
- ❖ Climate Action
- ❖ Diversity, Equity, and Inclusion (D.E.I.)

In this message, I will highlight how the organization will stay on the critical path to optimal service delivery through our General Fund resources and requirements, our investments in workforce and infrastructure, and our priorities for future endeavors. There will be some continuing themes and some changes from the prior budget throughout this document. However, the ultimate objective is to establish a clear path in providing great service for our community while having the ability to respond to challenges in a nimble, economical, and transparent manner.

RESOURCES & REQUIREMENTS

General Fund resources for 2022-2023 are projected as being **\$920,324** and they balance with operational requirements. Resources are projected to decrease from budgeted amounts from the prior year by roughly 9%. This decrease is primarily due to grant amounts that were projected last year but did not materialize.

The primary revenue sources for the City are taxes and fees. Property tax collection estimates, which are based on the Marion County average collection factor, are reflected at 96%. This means that an estimated 4% of taxes will not be collected. This is a 1% increase in collection from the prior year. Combined with an increase in city-wide assessed value at \$124,100,000, a slight increase in property tax revenues is anticipated. Using the assessed valuation, the property tax rate, and subtracting the loss of 4% allows us to estimate receiving \$104,268 in property taxes for the General Fund. With Donald's *permanent* property tax rate set at \$0.8752 per \$1,000 of assessed value, the City maintains one of the lowest property tax rates in Marion County.

Another main source of revenue for our General Fund are franchise fees. These are fees that recover the cost of utilities operating within the City's right-of-way. These fees will see a slight increase in FY 2022-23. Otherwise, fees are anticipated to remain relatively flat.

Operational expenses in the Parks Department include funding for a Public Works vehicle to replace one that has gone well beyond its anticipated operational life span. This will be the primary vehicle for the Public Works Director and the cost is split among several funds in addition to the General Fund.

A Note on Inflation

Inflation is having an effect on the budget as a whole in both the current budget year and the proposed budget. For the current budget year, we are seeing a rise in costs of materials, operation costs, and new connections. The proposed budget reflects the fact that rates are

considerably higher and this can be seen in the beginning fund balances for Water and Sewer Funds. The balances are structured in this way to be mindful of any further rise in costs.

WORKFORCE INVESTMENT

The proposed budget continues the pursuit of investing in our greatest asset, our employees. In an effort to stay competitive and align with the estimated cost-of-living, there is a base pay adjustment of 7.3%. Health care coverage rose slightly this year but we were able to keep the costs down without compromising the competitive benefits for staff and that will continue with this proposed budget.

There are no changes in the number of personnel for this budget and the City remains at six full-time employees with no part-time and no seasonal positions. Compensation including salaries, benefits, employer taxes, and employer-related expenses for each employee is divided between funds (General, Street, Water and Sewer). The budget follows the adopted salary schedule.

INFRASTRUCTURE INVESTMENT

Drinking Water/Wastewater Facilities

We continue to pursue alternative funding for completion of our Drinking Water Well #3 project and our Wastewater Facilities Expansion project. The funding resources being pursued are the Special Public Works Fund loans through Business Oregon, the American Rescue Plan Act (ARPA) funds and our ask for Congressionally directed spending. The ARPA funds through Marion County of \$1 million for construction of our Drinking Water Well #3 are reflected in our Water Fund for this proposed budget. However, if funds are awarded from other sources later in the fiscal year, adjustments can be made to the budget to reflect the available funds.

Matthieu Street

The City has one open ODOT Small Cities Grant (\$100,000) for work on the south side of Matthieu Street. Phase 1 of the project is in the final stages of completion and Phase 2 is expected to commence soon after July 1, 2022. Phase 2 will be funded by a combination of SCA grant funds and a contribution from the Street Fund totaling \$200,000. The Mathieu Street Project will be complete once Phase 2 is done.

Blake Court Waterline Replacement

This project involves replacing old galvanized water pipes with updated PVC pipe along with necessary street improvements on Blake Court. The technical work behind this project is complete and the construction is anticipated to begin in the latter portion of 2022. This project is budgeted in both the Street and Water Funds.

Infrastructure Fees

This year, the City will be collecting a stormwater utility fee and a street utility fee. The revenues from these fees will go into their respective Enterprise Funds to help finance costs for operations and maintenance. The fees will be collected monthly from each utility customer.

FUTURE ITEMS

Police Services

The General Fund is budgeting \$53,000, which maintains the same level of policing as the previous year. The PGE Privilege Tax is estimated to bring in \$16,800, which means the General Fund revenues will need to contribute \$36,200. Providing this level of service continues to be difficult to maintain, and means that other departments like Parks or Community Development are underfunded. We continue to seek a more cost-effective approach for providing policing services.

A local option levy was put to the voters in the May 2022 election for permanent police services. At the time of printing the budget document, the outcome of the election was uncertain and the budget was prepared as if the measure did not pass.

Storm Water Master Plan

A need has been identified to develop a comprehensive Storm Water Master Plan. There are areas in the City that are not served by storm water facilities and issues related to storm water can sometimes arise. Staff has received initial estimates of \$65,000 for developing a storm water master plan. This project is not budgeted specifically but is eligible for ARPA funds, if the Council chooses this as an ARPA fund spending priority. Also, grant funding could possibly be an option.

Marion County Community Prosperity Initiative

The City Council will need to discuss the options for spending the remainder of this money. Marion County generously awarded each of its small cities grant money to spend for the purpose of economic development. The City of Donald has a total of \$45,000 that has come in over three years. To date, money was spent on improvements to the Community Center, the addition of a changing table in the Donald Hometown Park Restroom and other community projects. Expenses are budgeted for in the General Fund's Community Development Department.

Development

Several development projects have begun their planning phases within the City and the building phases are anticipated in 2022-2023. This will have an impact on all funds in terms of revenue but primarily on property taxes in the general fund and Enterprise Fund fees.

Investment In Technology

Cyber threats are increasingly on the rise and protecting the City's information is vital. Additionally, staying up to date on software, internet services and computer hardware is crucial in the daily delivery of safe, efficient, and effective customer service. Working with our information technology contractor, we are budgeting to boost our technical support and security through additional information backup support, detail monitoring alerts and additional cyber security tools. Also, reflected in the budget is a new desktop computer as per the City's computer replacement schedule.

CONCLUSION

We are emerging from unprecedented times as parks and other public facilities are now fully open to the public and many Pandemic-related regulations have been lifted. City Hall currently provides service choices through a hybrid model via a walk-up window and counter service inside the building. Social distancing and masking are no longer required and City meetings are now being held both in person and virtually. It seems as though we have weathered the storm in terms of finances, along with the health of our leadership and staff.

Because of our conservative approach to budgeting and our practice of never taking on more than for which we can provide, repair instead of replace, planning years in advance for expenses, and saving money, we are in a secure position to face future challenges. I am confident that if we maintain this focus, we will remain financially strong.

I recommend that the Council continue to evaluate the Quarterly Budget Status Report that the accountant prepares to track expenditures and revenues, seeing if any changes are needed. State budget laws allow for over-collection in revenues, but does not permit over-expenditures. It is important to maintain financial awareness.

Finally, transparency, communication, and collaboration are keys to successful governance. Transparency builds trust, communication educates, and collaboration strengthens. Therefore, I encourage our staff and leadership to keep these words in mind as we go about serving the community. This is especially important when conveying the City's budget, its purpose, and how it was created. It goes without saying that when we consistently perform as a team, we will reach our goals faster and more effectively.

There are great opportunities ahead for Donald and I am excited to serve the community in this capacity. I look forward to working with the leadership, the staff, and community members over this next budget cycle to continue to make Donald a great place to live, work, and play.

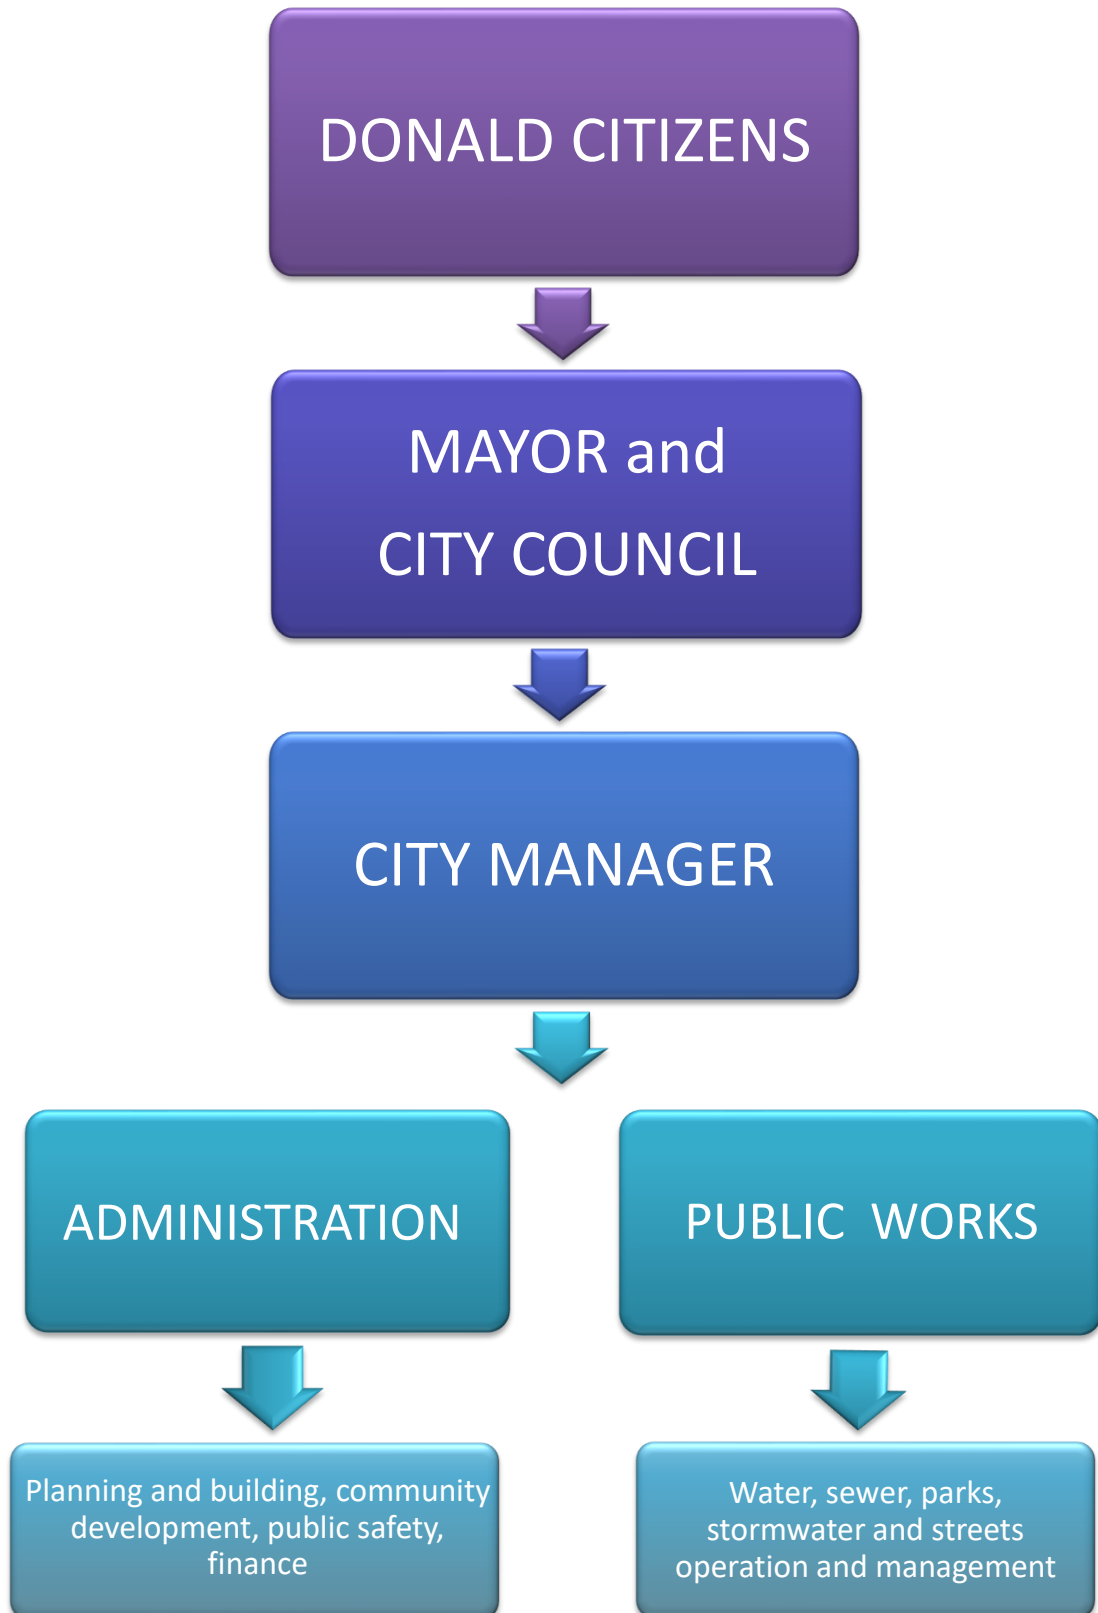

Thank you for taking the time to review this message and for your consideration of the proposed budget for Fiscal Year 2022-2023. Please let me know if you have any questions, comments or concerns. I am always happy to be of service.

A handwritten signature in blue ink, appearing to read "E. Williams", is located at the bottom of the page.

2023 ADOPTED REQUIREMENTS

General Fund

The General Fund provides funding for several departments including administration, planning and building, public safety, parks and community development. The principal sources of revenues are property taxes, franchise fees and the City's share of state revenues.

Revenue Highlights

Property Taxes: Donald's permanent property tax rate is \$0.8752 per \$1,000 of a property's assessed value which is one of the lowest permanent rates in Marion County. The estimated assessed value of the City of Donald for Fiscal Year 2022-2023 is \$124,100,000; it is anticipated that roughly 4 percent of the property taxes will go uncollected. It is estimated that \$104,268 will be collected in property taxes.

Planning and Building Fees: Development application and service fees are collected by the City and paid to one of the City's contracted agencies (City Attorney, City Planner and City Engineer). It is difficult to predict how much development will occur each year; the City is estimating to receive \$100,000 this year based on ongoing applications. The incoming revenues are tracked in 01-0-503 and expenses are tracked in 01-2-751.

Permits and Fees: The City receives 30 percent of development fees, which help to offset the cost of City staff hours and materials used for processing planning and building applications. This is not a predictable revenue stream since it relies on the number of planning and building applications received each year.

General Fund Grants: Community Prosperity Initiative (CPI) - Marion County will grant small cities \$15,000, each year for five years, for local economic development projects. To date Donald has received \$45,000 and expects to receive \$15,000 this year. The City Council will decide how to spend the \$30,821 unexpended in the previous three years.

Donations: City staff collects and monitors donations which help fund the operations of the Donald Community Center (DCC). Even though there is no fee to rent the DCC, the City requires a deposit of \$1 per person for private events or \$31 for events open to the general public. The deposit, or some portion thereof, can be donated.

American Rescue Plan Act (ARPA): Last year the City was allocated to receive \$235,442 of federal funds from the US Treasury. The City received the first half in 2021 and is expecting to receive the second half this year. The City Council will hold future discussions to determine how best to utilize this resource within the scope of the ARPA requirements.

State Revenue: The City receives payments from four different shared revenue programs through the state which are based on population; Donald’s population for 2021 was certified at 1,012. Three of the programs contribute to the General Fund, the other one is a gas tax which is collected in the Street Fund. Below is the League of Oregon Cities State Shared Revenue chart which the City uses to estimate our shares for budgeting.

Per Capita State Shared Revenues for Cities

Per capita distributions for revenue sources are calculated based on [certified population statistics](#) from Portland State University’s Center for Population Research (PSUCPR). Population estimates compiled each July are typically certified on December 15, and thereafter begin to govern the distributions.

	Highway Trust Fund Revenues (Gas Tax)	Liquor Revenues (20% of Total Share)	Marijuana Tax Revenues (75% of City’s Share)	Cigarette Tax Revenues
2019-20 Actuals	\$66.81	\$17.94	\$2.38	\$1.10
2020-21 Actuals	\$73.47	\$19.25	\$1.29	\$0.96
2021-22 Estimates	\$77.91	\$17.56	\$1.26	\$0.78
2022-23 Estimates	\$76.42	\$18.30	\$1.25	\$0.75

Administration Fees: This line tracks fees that are collected for administration services like lien searches, NSF charges and local business’s OLCC fees.

PGE Privilege Tax: In 2016, the City Council approved the collection of an additional 1.5% on a utility customer’s PGE electric bill. A privilege tax is a fee charged to utility providers for use of the public right of way (ROW). This fee is a component of a license granted to the utility provider authorizing the use of the public ROW. Privilege tax proceeds collected by the City of Donald are deposited into the General Fund for general government purposes. This is an option for any municipality with a PGE franchise agreement. In Donald, the fee was established to specifically fund police services.

State Revenue Share: City councils can elect to receive a portion of the State Shared Revenue. It is estimated that our share will be \$9,500 for this coming year. These funds are budgeted to pay for the activities that are listed in the Community Development Department.

Transfers In: The Water and Sewer Fund each reimburse the General Fund to pay for their portions of costs associated with operating out of City Hall. This is reflected on the Transfer Schedule.

Expense Highlights

Administration Department: City Hall will purchase a fire proof file cabinet to replace the damaged one currently in use, a desk for the manager's office, and replace a desktop computer for the accountant based on the City's replacement schedule. The City Hall building is scheduled for painting this year for general maintenance and upkeep and associated material and supplies will be procured.

Public Safety Department: The City contracts with the Marion County Sheriff's Office to provide police services. There is \$53,000 budgeted for this expense which maintains the same level of coverage as the year prior, but increases the amount for inflation. The City's current police coverage is subject to scheduling and demands of the Sheriff's other obligations to County residents and police clients.

Parks Department: The Donald Community Center is temporarily closed due to safety concerns, yet operation costs continue to be incurred. A \$4,000 contribution toward the purchase of a new vehicle for Public Works is budgeted in the Park Equipment line and \$1,500 is budgeted in Repair & Maintenance for new gutters and paint for the storage shed in the Hometown Park.

Community Development Department: Discussions by City Council are ongoing to determine how the CPI and ARPA funds will be expended. A City Council Work Session will be scheduled in the near future to focus on this topic in order to provide additional guidance on spending priorities.

Contingency: This amount is appropriated in the budget in case there are unforeseen operating expenditures that might occur during the year.

Unappropriated: This amount will be used as a cash carryover to the next year's budget until tax money is received in November.

General Fund Expense Highlights

Line #	Name of Line	Activity	Cost
01-1-705	Materials & Supplies	Fireproof File Cabinet	\$2,500
01-1-705	Materials & Supplies	Desk for City Manager Office	\$900
01-1-705	Materials & Supplies	Computer for Accounting Office	\$480
01-1-755	Repair & Maintenance	City Hall Exterior Paint	\$1,200
01-4-710	Police/Outside Services	Annual (Overtime) Policing Service	\$53,000
01-5-755	Park/Repair & Maintenance	Park Shed Paint and Gutters	\$1,500
01-5-807	Park/Capital Equipment	New Public Works Vehicle	\$4,000

Community Development Department Expenses: 01-6-800

Estimated State Share \$9,500		
Community Prosperity Initiative \$45,821		Cost
Council and Planning: Dues, Meetings & Travel Expenses		\$400
Mayor Cell Phone		\$500
City Events		\$500
Clean Up and Yard Debris Days		\$3,000
Holiday Lighting Contest		\$100
Holiday Décor and Garland Repairs		\$500
Street Flower Baskets		\$750
Donald Hazelnut Festival Donation		\$500
Donald Beautification Group		\$500
Council Discretionary		<u>\$2,750</u>
Subtotal: State Share Revenue		\$9,500
Marion County Community Initiative for Economic Development		\$45,821
Grand Total		\$55,321

Street Fund

The State Highway Tax apportionment is the main funding source for the Street Fund. This money is collected through gasoline sales tax and DMV fees by the State and then distributed to governments in Oregon depending on population. The Street Fund budgets for repair, maintenance, and lighting of the City's streets and roadways.

Revenue Highlights

Highway funds can only be expended per the regulations stated in Oregon Constitution Article IX, Section 3a. The State is estimating for cities to receive \$76.42 per person for the coming year. We have budgeted to receive \$77,340 for the year. We are budgeting to receive payments from a few property owners on Main Street who have set up payment plans to repay the City for their portion of sidewalk replacement. A new Street Maintenance Fee of \$3 per month, per property will be assessed this year. This fee was discussed in the FY 2021-22 budget cycle but not implemented. Once implemented, it will help pay for future street operation and maintenance costs.

Expense Highlights

The City received two \$100,000 ODOT Small Cities grants to fund the Matthieu Street Improvement Project in two phases. The first phase was completed last year and the second phase will be completed this year. To supplement the grant, the Street Fund will contribute \$100,000 to the project. Additionally, the Street Fund will contribute toward the purchase of a new computer at City Hall and a new truck for Public Works, and add gravel to the City's alleyways. The Blake Court Improvement Project is expected to be completed this fiscal year.

Stormwater Fund

The Stormwater Fund collects fees for the operation and maintenance of the City's stormwater system. The Stormwater Fund is an Enterprise Fund, meaning that the fund is essentially independent and the costs of providing services are recovered primarily through user charges.

Revenue Highlights

A Stormwater Maintenance Fee of \$1 per month, per property will be implemented for the first time this year. This fee was established to cover the use of the public stormwater system.

Expense Highlights

The Stormwater Fund is a new fund this year and will take some time to generate enough revenue to expend on stormwater services. It is being implemented now to give the City enough time to accrue funds which will help finance any required stormwater service investments or capital improvements in the future. Minimal expenditures are expected this year.

Debt Service Fund

A Debt Service Fund was established to account for the payment of principal and interest on long-term debt. The City of Donald has one outstanding general obligation bond that was issued for \$375,000 on March 8, 2005 to finance improvements to the City's water storage capacity and drinking water system upgrades. This bond matures on December 7, 2025. The principal and interest for the bond are paid by property owners and collected by the Marion County Tax Assessor. The bond's principal and interest amounts are fixed amounts and must be paid annually. Debt service funds are regulated by OAR 150-294.352(1) and ORS 287A.

The outstanding principal balance as of June 30, 2022 will be \$114,294.06. This year the principal payment is \$20,000 and the interest payment is \$3,564.38. The total to meet the bond obligations is \$23,564.38. However, because some property owners do not pay their tax on time, and the City still needs to meet its payments, \$24,120 will be called to pay off these obligations.

In December 2015, the City switched banking institutions, from Wells Fargo to U.S. Bank and at this time the bond was also moved to U.S. Bank. This reduced the interest rate from 5.25% to 3.29%. Overtime, the calculated savings of interest will be about \$24,120.

Water Fund

The Water Fund collects fees for the operation and maintenance of the water treatment and distribution processes. The Water Fund is an Enterprise Fund meaning that the fund is essentially independent and the costs of providing services are recovered primarily through user charges.

Revenue Highlights

The Water Fund's principal revenue source is the collection of the monthly water bills. There are approximately 402 accounts comprised of both residential and commercial users. The Fund is supplemented by customer fees such as late fees, door hanging fees, and new account fees. A rate study completed in 2021 by Donovan Enterprises indicated that a 3% increase in water rates will be needed this year, and for the next three years, to keep pace with the costs associated with providing this service. These increases are in lieu of an annual inflation rate adjustment. Note: The revenue line New Installations is offset by the expense line Installations because developers pay for the water parts and labor for new construction. The fund is inflated this year by \$125,000 due to anticipated growth and a \$1 million ARPA award from Marion County for construction of Well #3; the award revenue is tracked in Grants and the expenses are tracked in Improvements.

Future Reserve Fee Schedule

In 2014 the Budget Committee voted to collect an extra \$3 a month to save money for future maintenance projects to the water system. The Donovan Rate Study recommended keeping the future reserve fee. The total is reflected in the *Reserved for Future Expenditures* line.

FY	Future Reserve Fee
'22-23	\$16,272 <i>Proposed</i>
'21-22	\$14,400 <i>Anticipated</i>
'20-21	\$14,417 <i>Actual</i>
'19-20	\$14,056 <i>Actual</i>
'18-19	\$14,206 <i>Actual</i>
'17-18	\$14,507 <i>Actual</i>
'16-17	\$14,147 <i>Actual</i>
'15-16	\$13,981 <i>Actual</i>
'14-15	\$5,612 <i>Actual</i>
Total	\$121,598

Expense Highlights

The Drinking Water Well #3 project is a priority of the City Council and is part of the No. 1 City Goal, Secure and Reliable Infrastructure. Infrastructure costs can be funded with the American Rescue Plan Act dollars but that will be determined by the City Council. The Well #3 project would be an eligible ARPA expenditure, in addition to the anticipated \$1 million award from Marion County. This year, the City is expecting to replace the water main line on Blake Court. Additionally, the Water Fund will contribute toward the purchase of envelopes for monthly utility bills, a computer at City Hall, and a new truck for Public Works.

Line #	Name of Line	Activity	Cost
07-1-705	Materials & Supplies	Computer for Accounting Office	\$360
07-1-706	Postage	Postage Paid Envelopes for Utility Bills	\$1,580
07-1-805	Capital/Improvements	Blake Court Improvement Project	\$88,000
07-1-805	Capital/Improvements	Well #3 Project	\$1,000,000
07-1-806	Capital/Equipment	New Public Works Vehicle	\$16,000

Sewer Fund

The Sewer Fund collects fees for the operation and maintenance of the sewage collection and treatment processes. The Sewer Fund is an enterprise fund meaning that the fund is essentially independent and the costs of providing services are recovered primarily through user charges.

Revenue Highlights

The Sewer Fund's principal revenue source is the collection of monthly sewer bills. There are approximately 401 sewer accounts comprised of both residential and commercial users. The Fund is supplemented by late fees, door hanging fees, and new account fees. Revenue also comes from two land leases and a contract to provide the Fargo District with raw sewer treatment services. A rate study completed in 2021 by Donovan Enterprises indicated that a 3% increase in sewer rates will be needed this year, and for the next three years, to keep pace with the costs associated with providing this service. These increases are in lieu of an annual inflation rate adjustment. Note: The revenue line *New Installations* is offset by the expense line *Installations* because developers pay for the septic tank, parts and labor for new construction. This inflates the fund this year by \$155,000 due to anticipated growth.

Future Reserve Fee Schedule

In 2014, the Budget Committee voted to collect a Future Reserve Fee. The fee was originally \$2 a month but was increased to \$3 a month in 2021. It is collected for future maintenance projects to the sewer system. The Donovan Rate Study recommended keeping this fee at \$3. The total is reflected in the *Reserved for Future Expenditures* line.

FY	Future Reserve Fee
'22-23	\$16,272 <i>Proposed</i>
'21-22	\$14,400 <i>Anticipated</i>
'20-21	\$13,286 <i>Actual</i>
'19-20	\$12,681 <i>Actual</i>
'18-19	\$11,630 <i>Actual</i>
'17-18	\$10,441 <i>Actual</i>
'16-17	\$9,360 <i>Actual</i>
'15-16	\$9,301 <i>Actual</i>
'14-15	\$3,735 <i>Actual</i>
Total	\$101,106

Expense Highlights

The Sewer Fund will pay for a Lagoon Profiling project which will measure the level of the lagoon sludge and the annual pumping of septic tanks; this year is Zone 1 of 5. The Sewer Fund will contribute toward the purchase of envelopes for monthly utility bills, a new computer at City Hall, and a new truck for Public Works.

System Development Funds

Oregon Revised Statute 223.307 is the main law regarding the collection and expenditure of these funds. On May 10, 2016 the City Council approved Resolution No. 403-16, which updated the water and sewer system development funds and approved adding three new funds: park, stormwater and transportation.

System Development Charges are collected when new developments are added to the City and expended for additional needed capacity of the City's infrastructure systems to accommodate new growth. Funds are expended according to each SDC's capital improvement plan. Annually, the City Council considers adjusting the amounts of the SDCs based on the *Engineering News of Record Construction Cost Index*. This year there was an increase to the SDCs of 7.3% which will become effective on July 1, 2022; this change was adopted at the February 8, 2022 City Council meeting by Resolution No. 547-22.

Revenue Highlights

Grants: The City was awarded a \$195,000 grant from Oregon Housing and Community Services Department in 2018 to be used for engineering, design or construction costs for either (or both) water and sewer needs; the remaining award amount is reflected in the System Development Charge Funds for Water and Sewer.

Expense Highlights

The Workforce Housing Initiative Grant funds have been used in the last two fiscal years to pay for the design of the new water system and the wastewater treatment plant. The designs should be completed and final payments made during this budget cycle.

Transfers: Each SDC fund allows for a 5% transfer to the General Fund, of the previous year's fees received, to cover administrative costs. However, no SDC fund payments were received in Fiscal Year 2021-2022 so no transfers are budgeted this year.

NOTICE OF BUDGET HEARING

A public meeting of the Donald City Council will be held on June 14, 2022 at 6:45pm at Donald City Hall, 10710 Main Street NE, Donald, Oregon. The purpose of this meeting is to discuss the budget for the fiscal year beginning July 1, 2022 as approved by the City of Donald Budget Committee. A summary of the budget is presented below. A copy of the budget may be inspected or obtained at Donald City Hall, between the hours of 8:00am and 4:00pm Monday through Thursday, 8:00am to 12:00pm Fridays or online at www.donaldoregon.gov. This budget is for an annual budget period. This budget was prepared on a basis of accounting that is the same as the preceding year.

Contact: Eric Underwood, City Manager **Telephone:** 503-678-5543 **Email:** citymanager@donaldoregon.gov

Budget Committee Meeting

Action Agenda Summary

Tuesday, May 24, 2022 at 6:00 pm

Donald Wastewater Treatment Plant * 10501 Donald Road NE

Open Meeting and Welcome: Manager Underwood opened the Meeting and Council President Gonzalez gave the Budget Committee welcome at 6:03 pm on Tuesday, May 24, 2022. The meeting was held at the Donald Wastewater Treatment Plant, 10501 Donald Road NE.

Budget Committee Roll Call

City Council Present: Council President Katie Gonzalez, Councilors: Gerry Waller, Mark Buzzard and Amy Nicholls.

City Council Absent: Mayor Rick Olmsted (excused)

Electors Present: Daroll Nicholson, Jenny Strathdee, Cindy Johnson and Wendy Scharich.

Elector Absent: Toshia Weese (unexcused)

Staff Present: City Manager Eric Underwood, Accountant Lisa Hassel and Public Works Director Alonso Limones.

No members of the public attended the meeting.

Self-Introductions of Members

Election of a Budget Committee Chairperson

✓ Committee Member Nicholson nominated Council President Gonzalez to serve as the Budget Committee Chair. Council President Gonzalez respectfully declined the nomination. Committee Member Nicholson then nominated Committee Member Johnson who respectfully declined. Council President Gonzalez nominated Councilor Buzzard to serve as Chair. Councilor Buzzard accepted the nomination. There were no other nominations. Council President Gonzalez motioned and Committee Member Scharich seconded to appoint Councilor Buzzard as Budget Committee Chair. No further discussion. Vote: 7-0-0. Motion carried.

Adoption of the Budget Committee Operating Rules of Order

The Budget Committee reviewed the Rules of Order and best practices for public meetings. All Committee members indicated that they have read the Rules of Order.

✓ Committee Member Nicholson motioned and Council President Gonzalez seconded to accept the Budget Committee Operating Rules of Order as presented. No discussion. Vote: 7-0-0. Motion carried.

Public Hearings:

I. Fiscal Year 2022-2023 State Revenue Sharing Funds

Budget Committee Chair Buzzard read the script and opened the public hearing at 6:22pm. There were no objections to the publication. There were no objections for this body to hear and consider this matter. There were no conflicts and/or biases declared. There was no oral or written testimony submitted. No comments from the Budget Committee. Chair Buzzard closed the public hearing at 6:24pm.

II. Fiscal Year 2022-2023 Proposed Budget

Budget Committee Chair Buzzard read the script and opened the public hearing at 6:25pm. There were no objections to the publication. There were no objections for this body to hear and consider this matter. There were no conflicts and/or biases declared. No written testimony received. No comments from the Budget Committee. Chair Buzzard closed the public hearing at 6:26pm.

Committee Business Items:

I. Budget Message Presentation by City Manager Eric Underwood

- ✓ Committee Member Nicholson motioned and Committee Member Johnson seconded to forgo the reading of the budget message since everyone read it prior to the Budget Committee meeting. No discussion. Vote: 7-0-0. Motion carried.

II. Annual Review of Fees: from Resolution No. 528-21

a. Business Registration Fee, New:

Manager Underwood explained that the \$100 fee normally charged for new business registration applications no longer covers the costs of the Planner's time to review the applications and the materials incurred by the City. It was recommended that the fee be increased to \$125 to cover necessary costs.

b. Traffic Court Fees

Manager Underwood explained that Traffic Court fees have been eliminated due to the fact that the City no longer holds traffic court.

c. Street/Storm Water Fee

Manager Underwood referred to the Street Maintenance Fee and the Storm Water Utility Fee that were approved by the Budget Committee last year. It was further explained that these fees were not actually implemented last fiscal year and are therefore recommended to be implemented in FY 2022-2023.

d. Water and Sewer Rates

Manager Underwood reviewed the Water and Sewer rate increase scheduled as reflected in the Water/Sewer Rate Study conducted and approved in January 2021. There was a question about the accuracy of the decrease in the Water Consumption per 1000 gallon rate. It was explained that the figure is based on the 2021 Study.

Note: Councilor Nicholls arrived at the meeting at 6:36 p.m.

- ✓ Committee Member Johnson motioned and Committee Member Strathdee seconded to recommend to the City Council approval of the Fee Schedule as presented. No discussion. Vote: 8-0-0. Motion carried.

III. Committee Discussion on Proposed Budget

Manager Underwood opened the floor for Committee discussion of the proposed fiscal year 2022-2023 budget that was hand-delivered to all members of the Budget Committee on Friday, May 20, 2022 and posted on the City's website. The Budget Committee discussed the results of the local option levy for police services placed on the May ballot and the budget for continuing police services. Also discussed were revenue sources, grants, expenditure changes, and highlights that were budgeted for in the next year.

IV. Community Member General Budget Comments (3 minutes per speaker)

- a. **In-person speakers:** None
- b. **Written comments received (due from public by 5/24 by 12pm):** None received.

Votes:

I. Fiscal Year 2022-2023 State Revenue Sharing Funds

- ✓ Committee Member Nicholson motioned and Committee Member Strathdee seconded that the Donald Budget Committee elect to receive State Revenue Share Funds. No discussion. Vote: 8-0-0. Motion carried

II. Fiscal Year 2022-2023 Proposed Budget

- ✓ Committee Member Scharich motioned and Councilor Waller seconded that the Donald Budget Committee approve the Budget for the 2022-2023 Fiscal Year in the amount of \$4,763,509. No discussion. Vote: 8-0-0. Motion carried.

III. Imposing and Categorizing Taxes

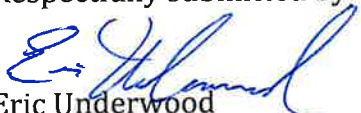

- a. **Property Taxes for the 2022-2023 fiscal year at the rate of \$0.8752/\$1,000 of assessed value for the permanent rate tax levy; and \$24,120 for the General Obligation Bond Levy**

- ✓ Council President Gonzalez motioned and Committee Member Strathdee seconded that the Donald Budget Committee approve property taxes for the 2022-2023 Fiscal Year at the rate of \$0.8752/\$1000 of assessed value for the permanent rate tax levy and in the amount of \$24,120 for the General Obligation Bond Levy. No discussion. Vote: 8-0-0. Motion carried.

Adjourn

- ✓ Committee Member Nicholson motioned and Council President Gonzalez seconded to adjourn the Budget Committee meeting at 7:36 pm. No discussion. Vote: 8-0-0. Motion carried.

Respectfully submitted by:

Eric Underwood
City Manager, Budget Officer

RESOLUTION No. 553-22

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF DONALD DECLARING THE CITY'S ELECTION TO RECEIVE STATE SHARED REVENUE.

WHEREAS, Pursuant to ORS 221.770, the City hereby elects to receive state revenues for fiscal year 2022-2023; and,

WHEREAS, two public hearings were held to give citizens the opportunity to comment on the use of State Revenue Sharing; one meeting by the City of Donald Budget Committee was held on May 24, 2022 and the other on June 14, 2022 by the Donald City Council.

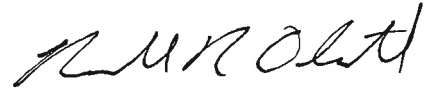

NOW, THEREFORE, THE CITY OF DONALD RESOLVES AS FOLLOWS:

Section 1: Pursuant to ORS 221.770, the City of Donald hereby elects to receive state shared revenues for fiscal year 2022-2023.

Section 2: The Resolution is and shall be effective from and after its passage by City Council.

PASSED and ADOPTED by the City Council of the City of Donald at their regular meeting on this 14th day of June 2022 by the vote of 6 ayes and 0 nays.

DATE: June 14, 2022

Rick Olmsted, Mayor

ATTEST by City Manager this 14th day of June, 2022.

Eric Underwood, City Manager

I certify that a public hearing before the Budget Committee was held on May 24th, 2022 and a public hearing before the City Council was held on June 14th, 2022, giving citizens opportunity to comment on the use of State Revenue Sharing.

Eric Underwood, City Manager

Resolution No. 554-22

OR-LB-RES
